Odor Removal

To remove odors, such as skunk, that have permeated your pets coat use [Tecnu](#), available at most drugstores. Wipe over pet’s coat, let dry and then bathe your dog. Works great, we use it every few months when my clueless hounds get skunked.

Check the food/treat recalls below.
 Two new recalls were added in March.

FDA U.S. Food and Drug Administration Pet Food and Supplement Recalls

Check every month to make sure your food, treats or supplements are not listed
